## 2016: Planting Apple Seeds That Will Grow Forever

### Learning Focus

The topic for this month is "Seasons." Each week, we will discuss one of the four seasons.

We will discuss the weather and how it changes throughout the year, as well as different activities that take place during each of the seasons. We will encourage MITI Kids to think about what they notice about plants and animals as the seasons change.

### DAD

I like to have you  
here with me;  
At MITI Kids  
for a treat.

We'll talk a little,  
hug a bit; and have a do-  
nut to eat!

I'll carefully serve a  
snack to you and  
maybe sing a song.  
I can't wait for you to  
meet my friends  
You're sure to get  
alone!
