

# Learning Focus: FOOD

### Happy Birthday!

Kylen H.	11/4
Zarizona B.	11/25
Makylan W.	11/26

### Volunteers Needed

1. Lunchtime Pal Daily  
10:45 a.m. to 12:00
2. Playground Safety  
9:00 to 10:30 or  
2:30 p.m. to 3:30
4. Read, sing, arts & crafts—
5. November 22nd  
Thanksgiving Dinner

### **Parent Survey**

Thanks for completing MITI KIDS survey. We want to exceed your satisfaction!

MITI Kids closed for Thanksgiving TH & F November 27 and 28th

Our theme for the month of November is "Food." We will talk about where food comes from, how it is prepared, and what foods we like the best.

- We will become scientists this month when we plant turnip greens/corn and watch them grow.
- We will draw pictures of our seeds as they change, and write words to describe what we see.
- We will make collages of foods we find in magazines, and make paper pizzas with our favorite toppings.
- We will turn our Dramatic Play Center into a restaurant for the month, and we'll take turns working and ordering at the restaurant.
- We will build very tall towers in the Block Center and measure them. We will also measure ourselves and see which is taller!
- We will read lots and lots of books about foods we love as well as foods from around the world.

We are asking that you allow your children to help you shop for food this month. Talk to them about what you need to buy and let them help you find it in the store. Let your children help you in the kitchen by measuring ingredients, stirring, and setting the table.

We are looking forward to another month of learning together. Please be sure to send coats, hats, and mittens as the weather turns colder. We go outside every day!
